

TISZA CABINET IS FORCED OUT

Hungarian "Iron Man," Friend
of Kaiser, Forced to Re-
linquish Premiership.

VICTORY FOR KAROLYI PARTY

[By Associated Press Leased Wire.]
London, May 23.—A Central News
dispatch from Amsterdam says that
the Hungarian cabinet of which
Count Tisza was premier, has re-
signed.

Is "Iron Man,"
Count Tisza, the "Iron Man" of
Austria-Hungary, has been for many
years the leader of the pro-German
party in the dual monarchy and was
the last survivor of the little group
of statesmen who surrounded Em-
peror Francis Joseph when the Eu-
ropean war began. On the succession
of Emperor Charles the majority of
the officials of the previous regime
were either dismissed or resigned.
There have been persistent reports
from many sources that Emperor
Charles keenly resented the domi-
nance of Berlin in Austria-Hungarian
affairs and that Count Tisza was the
one great obstacle to his policy.

Karolyi Joins Apponyi.
There have been several reports re-
cently that the fall of Premier Tisza
was imminent but the rigid censor-
ship imposed by Vienna has pre-
vented the outside world from learning
the exact condition of affairs. At the
outbreak of the war, Tisza was de-
clared between the political parties
in Hungary but last August Count
Apponyi, leader of the liberals and
a strong opponent of the pro-Ger-
mans, announced that he would re-
sume criticism of the government's foreign
policy. He was joined by Count Kar-
olyi, president of the Hungarian in-
dependent party and the two popular
leaders instituted a vigorous campaign
against Count Tisza for his failure to
carry out franchises and other dem-
ocratic reforms.

Town Is in Flames.
Amsterdam, May 23, via London,
11:05 a. m.—A Budapest dispatch says
the Hungarian town of Gyenyosy
has been devastated by fire. 1,000
houses being destroyed and 240 still
on fire. Several thousand persons are
homeless and seven deaths have been
reported. Gyenyosy is 44 miles from
Budapest and had a population in
1900 of 16,442.

King Sends for Premier.
Amsterdam, May 23, via London,
1 p. m.—A Budapest telegram re-
ceived here by way of Berlin says it
is reported Premier Tisza submitted
to the king proposals for franchise
reform. The king reserved his decision
upon which depends whether the
cabinet will resign. Count Tisza, the
dispatch says, is leaving for Vienna,
where he will be received by the king.
Rumanians Demand Reforms.
Jassy, Roumania, via London, May
23.—Premier Bratianu has announced
to the chamber of deputies that the
government will propose amendments
to the Rumanian constitution in-
serting the principles of universal suffrage
and expropriation in favor of the
peasants. The government is also
considering the Jewish question.

ITALIAN COMMISSION GIVEN BIG WELCOME

[By Associated Press Leased Wire.]
Washington, May 23.—The Italian
official mission which arrived today at
noon, headed by Prince Udine,
Received by high American govern-
ment officials and escorted by
troops of cavalry, the visitors were
taken to the house of Joseph Leiter,
which will be their home while they
remain in Washington.

FULL MILITARY FUNERAL FOR RED CROSS NURSE

[By Associated Press Leased Wire.]
Chicago, May 23.—Funeral services
with full military honors will be
held in Evanston, a suburb, for Miss
Helen Burnett Wood, one of the two
Red Cross nurses who were killed by
fragments from a shell during the
target practice aboard the American
steamship "which was taking them to
France." A detachment of blue-
jackets from the United States na-
val training station at Great Lakes,
Ill., will attend, as will representa-
tives of the National Guard regiments
of Chicago.

DENIES MEXICO NOTE ON SUBMARINE ISSUE

[By Associated Press Leased Wire.]
Mexico City, May 23.—Ernesto Gar-
za Perez, in charge of the foreign
office, denies that Mexico has made
representations to Germany on the
submarine issue. Senor Perez was
shown a dispatch from Amsterdam
which stated that the Mexican min-
ister to Germany was believed to have
protested on behalf of Mexico against
unrestricted submarine warfare. He
declared the Mexican government had
not authorized any such representa-
tions and that Mexico had nothing to
say to Germany on this subject.

War Situation

The second phase of the great bat-
tles of Arras, the Aisne and Cham-
pagne have ended in the complete
failure of the most determined and
costly German efforts to stem the tide
of victory and setting against them.
The net result of Field Marshal von
Hindenburg's supreme effort to re-
gain the initiative has been that the
British and French have tightened
their grip on the German line and
have placed in great peril the key
positions held by the Germans in
northern France.

The customary lull which separates
all major operations in modern war-
fare has now come and the expecta-
tion is that it will be broken by a
British blow on a great scale against the
Drocourt-Queant line, which prac-
tically outflanked it. In the meantime
the usual crop of peace rumors which
marks these lulls has made its ap-
pearance. Reports from all kinds of
sources, unofficial, semi-official, "in-
spired" and the like, tell of offers
from Austria to Russia, Germany to
Russia and Austria and Germany to
the collective entente powers. The
unarmed diplomats who apparently
infest Switzerland are unusually ac-
tive but there is nothing tangible or
authentic to show that these reports
are worth.

The latest German-Spanish crisis
has subsided with the receipt by Ma-
drid of assurances from Berlin which
Premier Prieto announces as satis-
factory. Germany promises to re-
spect Spain's rights in her territorial
waters, but the text of the communi-
cation is not made public.

The recalled "Cuban incident" is
being badly at home with the Germans.
He sees cracks in the imperial edifice
and there are fresh reports of strikes
in Hungary. There seems little ques-
tion that the food problem is an acute
one for the central power, but infor-
mation is not available to permit judg-
ment as to what effect it may have
on the military situation.

FRENCH ADVANCE IN TRIPLE ATTACK

[By Associated Press Leased Wire.]
Paris, May 23.—Successful attacks
were made by the French last night
on three parts of the front; the war
officials report that the French cap-
tured observation points dominating the
Aisne front. In the region of the
Calonne plateau the French cap-
tured observation points dominating the
Aisne front. Progress was made on
the northern slopes of the heights east
of the German trenches. Three
hundred German prisoners were cap-
tured, German counter attacks failed.

The statement follows:
"Take Last Observation Posts."
"We made spirited attacks with
good results yesterday evening at
three points on the front. On the
Calonne plateau and on the Cal-
lone plateau our troops conquered
the last of the observation points
dominating the Aisne valley. They
enlarged considerably their positions
on the northern slopes."

"We carried three lines of German
trenches east of Chateau de la Neuve
night. A counter attack by the ene-
my against our new positions on the
Calonne plateau was stopped by our
fire, which inflicted heavy losses
on the attackers. We captured 250
Germans, of whom 11 were officers.
"An enemy attack on the slopes
southwest of Epargues was checked
completely. Everywhere else the
night was calm."

British Hold Line.
London, May 23, 12:50 p. m.—
"Last night the enemy again heavily
bombarded our positions on the Hin-
denburg line in the neighborhood of
Bullecourt," says today's official
statement. "Our artillery replied
vigorously. No hostile attack de-
veloped."

"We made a successful raid early
this morning southeast of Gavrelle.
A number of Germans were killed
without any casualties among our
troops."
"We captured a few prisoners dur-
ing the night as a result of patrol
encounters at different points on our
front north of Arrmentieres."

WOULD SEPARATE FOOD MEASURE FROM LIQUOR

[By Associated Press Leased Wire.]
Washington, May 23.—Continuous
right of way for the first adminis-
tration food bill, providing for stim-
ulation of production of foodstuffs
was sought today when it was
brought before the senate. While it
is being considered by the senate, the
house will take up the second admin-
istration measure dealing with con-
trol of food and other necessities in-
troduced yesterday by Representative
Lever of South Carolina.

In presenting the first and re-
vamped bill to the senate today, Sen-
ator Gore, chairman of the senate
agriculture committee, proposed to re-
press all efforts to attach any pro-
hibition legislation. He hoped to have
the prohibition question postponed for
consideration with the food "con-
trol" bill in the house, a provision to
that end being in the Lever measure
offered yesterday which would au-
thorize the president to "regulate
grain used for manufacturing intoxi-
cating beverages."

GASOLINE GOES HIGHER

[By Associated Press Leased Wire.]
New York, May 23.—The Stand-
ard Oil company of New York today
announced an advance of two cents a
gallon in the price of gasoline.

GREAT BUYING BOARD FOR WAR

All Allies to Purchase All Sup-
plies Thru One Central
Organization, Plan.

SPEND TEN BILLION YEARLY

[By Associated Press Leased Wire.]
Washington, May 23.—Plans for
an allied purchasing board are be-
ing drawn to include purchases for
the American army and navy, esti-
mated at approximately \$3,500,000,000
for the first year of the war. The
plan is tentatively outlined with
a purchasing power of approxi-
mately \$10,000,000,000 a year in the
hands of a single commission.

Great Power in One Man.
"Indications are that this tremendous
purchasing power will be vested in
one man who will have under his
command an army of trained experts
familiar with all American markets.
The program has progressed to a
stage where officials have in mind
the man for the place."

Determination to include the needs
of the American army and navy in
the centralized purchasing board, has
placed a purchasing board, but de-
partmental details involved are at
present in process of formulation. It
is understood that the program calls
for purchase of arms, equipments,
munitions and all material used in
the physical waging of war by ex-
perts of the navy and war de-
partments rather than by civilians, and
that these experts will be guided in
their activities by the wishes of the
secretaries of the navy and war, sub-
ject however, to the approval finally
of the commission.

All the allies will be included in the
scope of the commission under the
present plan, including Japan.

COMMITTEE OPPOSING PRESBYTERIAN UNION

[By Associated Press Leased Wire.]
Birmingham, Ala., May 23.—The
committee on bills and overtures sub-
mitted an unfavorable majority re-
port today on the proposal to unite
the southern and northern branches
of the Presbyterian church in the
general assembly of the Presbyterian
church in the United States, the
southern branch in session here.

The committee's report expressed
"grateful appreciation of the spirit"
of the offer, but said "under existing
conditions they declined to appoint a
committee to study the proposal."
The majority report of the commit-
tee gave three reasons for declining
a union between southern and north-
ern branches of the church.
"First," it reported, "because there
seems to be no general demand for
union of these churches in the south-
ern church, and, second, only six of
the 33 presbyteries have expressed a
willingness to consider the union, and
the committee feels that if pres-
ent branches of the church, that if
this matter is brought at this
time it would work sad conditions in
the church."
The third reason, the report said,
was "because the presbytery of New
York has persistently continued to
oppose the ministry who have been
denied many of the cardinal points
of doctrine of Presbyterianism. They
have, for instance, licensed men who
do not believe in the resurrection of
the Lord, and do not believe in the
virgin birth; and have denied the
resurrection of Lazarus and other im-
portant points."

FROST DAMAGE HEAVY TO MANY EARLY GARDENS

[By Associated Press Leased Wire.]
Chicago, May 23.—Frost did much
damage today to early vegetable gar-
dens in and near the city. Tomato
plants set out by enthusiastic am-
ateur gardeners, particularly suffered.
Beans, cabbage and onions with-
stood the cold but beans and other
tender growths were blighted.

By reason of the campaign for
more acreage and bigger crops, many
more gardens had been planted this
year than usual and the frost damage
was correspondingly greater.

SAY ILLINOIS CROP OUTLOOK IS GOOD

[By Associated Press Leased Wire.]
Springfield, Ill., May 23.—"Oats,
potatoes and vegetables are growing
nicely," says the crop bulletin of the
federal weather bureau for the week
ending May 22 issued today. "Wheat,
meadows and pastures show some
improvement," the bulletin continues.
"Chinese bugs are appearing in cen-
tral districts. The condition of fruit
is satisfactory. Strawberries are be-
ing shipped in the extreme south."

ANTI-CONSCRIPTION WORKERS ARE JAILED

[By Associated Press Leased Wire.]
Sweetwater, Texas, May 23.—
Eighteen men are today being held
in jail here in connection with al-
leged anti-conscription activities of
the Farmers and Laborers' Protective
Association of Sweetwater.

TO BE FAIR AND WARMER TONIGHT AND THURSDAY

MODERATE NORTHWEST TO WEST
WINDS EXPECTED.

The weather forecast for Chicago
and vicinity:
Fair and not so
cold tonight;
Thursday fair
and warmer;
moderate north-
west to west
winds.
Sunrise, 4:22
a. m.; sunset,
7:11 p. m.;
moonset, 9:56
p. m.
Temperature
for 24 hours
preceding 12
o'clock today:
Maximum, 54;
minimum, 28; mean, 41; normal for
the day, 60; deficiency since January
44.

Beacon Lights

MEMORIAL DAY NOTICE.
The Spanish War Veterans, Sons of
Veterans, the several Aurora com-
panies of the National Guard, the
West High school cadets and all Boy
Scouts are cordially and urgently re-
quested to take part in the Memorial
day parade, next Wednesday. Plans
for the parade are now being made
by the Grand Army post.

BEGIN CUTTING THIS YEAR'S WHEAT CROP

Binders Start at Ft. Worth,
Sounding First Notes of
Great Farm Symphony.

Whole World Awaiting Results of
Crop Now Being Harvested—
First Word Good Omen.

[By Associated Press Leased Wire.]
Chicago, May 23.—In Texas, near
Fort Worth yesterday, an American
reaper began to hum the first notes
of the world's greatest agricultural
symphony—the harvest of the wheat
crop.

This information reached the great
grain market here today in a laconic
telegram. Work, it said, began in a
farm of 100 acres and the yield would
be from 6 to 8 bushels to the acre.
From now on the note will swell
into the crescendo of song of thous-
ands of such machines burrowing over
the great fields of Kansas and the Mis-
sissippi valley. Thence on thru the
spring wheat valley of the Dakotas
until about the first of September,
whence the last North American
wheat has been out in the far Hun-
dson bay country.

Message of Hope to World.
"The Texas harvest has started,"
 flashed over the wires of the brokers,
and crop students said that never in
history did such a message carry
more of hope and meaning to the
world, for this crop, according to
leading statisticians, enters into the
grand strategy of the war and, into
the very politics of nations.

The word from Texas was taken
as a good omen, too, for it showed
that the harvest had been started
three days earlier than normal, and
even three days is important, it is
said, when the whole world is cry-
ing for wheat. Another cheering
note was added by Bernard Snow, the
crop statistician, who said that Texas
was expected to yield 15,000,000 bush-
els or 19 per cent more than last
year. Her early harvest will bring
relief to the bare bins of the south-
west. Dry weather accounts for the
early start.

Oklahoma Is Next.
By June 5, Mr. Snow said, the in-
vasion of the reaper will have ex-
tended to the Oklahoma line. In
three weeks more it will have cov-
ered that state and reached the fringe
of the world's great wheat fields.
It should be well under way in this
state by July 5, and in Nebraska by
July 10. By August 1, Mr. Snow said,
indications were that the spring
wheat of the Dakotas should begin
to fall.

The movement of the grain to
market should begin by June 16 and
fill flow in increasing volume day
by day until it reaches the maximum
between the end of October and the
middle of December," said Mr. Snow.
"This means that the new crop ap-
ears over in point of distribution on the
old crop (that of 1916) by thirty days
and supplements to that extent any
deficiencies in stocks held from last
year."

The Binders Start.
Fort Worth, Tex., May 23.—The
first Texas wheat was cut yesterday
near here. The binders started in a
100-acre field that will average be-
tween 6 and 8 bushels.

PRINCETON DEGREES FOR MANY DIPLOMATS

[By Associated Press Leased Wire.]
Princeton, N. J., May 23.—Honorary
degrees will be conferred on all of
the ambassadors and ministers rep-
resenting the allied nations as well as
Secretary of State Robert Lansing
and Herbert Hoover at the 17th an-
nual commencement of Princeton uni-
versity which will be held June 16.
The usual commencement exercises
this year will also pay to patriotic
exercises.

The War Spirit

Walter Hulte, a junior at Aurora
college from Rock Bridge, Ohio, and
Mark Amis, a freshman from Dover,
N. H., left for their homes today to
see their parents previous to their en-
listment in the United States army.

Two new men were enlisted in
Company D of the Third regiment at
the armory in Island avenue last
night. The recruits are William
Kash, 27 years old, and Arthur Wak-
ker, 20 years old, both of Aurora. The
recruits of Company D were not giv-
ing the physical examination last
night.

All members of the Third regiment
machine gun company have been or-
dered by Lieut. Hal Carr to report at
the armory tomorrow night for drill.
Both the old members and the re-
cruits must report.

Five of 16 young men who went
from Aurora to Chicago yesterday to
take the final physical examination
for the navy were accepted; six were
rejected and five have not been re-
ported upon as yet. Those who were
accepted are: James David McGredie,
Edward Shuffelt and Albert Willis
Moore. Moore is from Sugar Grove.
All except Shuffelt will report to
Lieutenant Stevens, 619 State street,
Chicago, Saturday to be sworn in
and will be sent immediately to the
Great Lakes training station at Lake
Bluff, Ill. Shuffelt, after passing his
examination lost no time in getting
into service and went direct to the
training station. He was an employe
of the Stephens-Adamson Manufac-
turing company of Aurora.

Harold Alvarez Correa, 19 years old,
402 Fifth avenue, signed up today for
the navy with Recruiting Officer J.
J. McGarry.

Dr. W. H. Schwingel tendered his
services to the local branch of the
Navy league last night. Dr. Schwin-
gel is the ninth physician in Aurora
to offer to help the league in its
work. The physicians' labor is with-
out compensation.

The collection taken up in the
grand stands and bleachers at Fox
River park one week ago last Sunday
amounted to \$21.75, it has been an-
nounced. The money will be added
to a fund now being raised to purchase
baseball equipment for men in the
army and navy.

George A. Thalheimer, who went to
Chicago yesterday with 15 other navy
recruits to take examination, was
successful and after being passed re-
ported at once to the Great Lakes
training station at Lake Bluff. Thal-
heimer resided at 271 Talma street
and was employed as a driver for the
American Express company.

The Kraig rifle, in the window of
the local branch of the Navy league,
saw service in the Spanish-American
war. It was carried by Seaman John
Cheney of Aurora, on the biggest
battleship then in the United States
fleets, the Oregon. This ship is now
a successful ship on the west coast.
Cheney is now a motorman on the
Yorkville line of the A. E. & C.

Arthur Russell of Chicago, formerly
of Aurora, yesterday wrote a let-
ter to Recruiting Officer J. J. McGar-
ry, of the local branch of the
Navy league, to see if he could enlist
here. McGarry sent him an applica-
tion blank with instructions to fill it
out and enlist in Chicago. Russell
formerly lived at 282 Fifth street, and
wanted to enlist here because he
formerly lived here. He is at pres-
ent in the army and is a member
Missouri, running out of Chicago.

DISCOVER DEAD TRAMP WAS MAN OF WEALTH

A real "millionaire tramp" was dis-
covered today thru the tragic
death of a laborer, who has been
working in a gravel pit at Coleman
a few miles west of St. Charles.
The man, known as James Kelley
did not appear for work Monday
morning. His body was found today
in a field. He had died from exposure.

The Elgin police investigated and
learned that the man's correct name
is James Kearns, that his home is at
Chicago, Ill., and that he was pos-
sessed of much wealth.

Where to Register

City Clerk Grommes an-
nounced this afternoon that
registration in Aurora for the
army, June 5, will be in city
and township precincts. All
of those men registering who
live in the city must mail
the cards to the precincts where
they vote in city elections.
Men living outside of the city
will register at the precincts
where they vote at township
elections.

Men who do not live in Au-
ra but are visiting here,
must go to the city clerk's
office tomorrow and register.
They will be instructed by the
clerk how to fill out the cards.
The cards must be mailed to
the clerk in the city or town or
the sheriff if the population of
the city is not 30,000 or over.
The cards must reach their
destination on or before
registration day. Men of the draft
age who require them must send
notice to the city clerk to-
morrow and their cards will
be sent to them to be filled out.

FLEET TRAIN TO ATTACK AURORA

Guns to Boom as Battleship,
Submarine and a Chaser
Come Down Broadway.

ENGAGEMENT IS NEXT WEEK

Aurora is to be attacked some
morning next week by a United
States navy recruiting fleet on
wheels. A battleship fully man-
ned and equipped, followed by a subma-
rine and a submarine chaser will
come swiftly down Broadway with
guns booming and a marine band
playing. Right behind the war ships
will be three supply ships, in other
days a baggage car, passenger coach
and a dining car.

The warships are built out of flat
cars. Vice President E. C. Faber of
the Aurora branch of the Navy league
obtained the special recruiting train
for service in Aurora "waters."
This train, which was especially
made up to stimulate navy recruiting
in Chicago and has appeared on the
elevated lines recently.

All of the ship models are realistic
and the equipment is standard naval
design. The submarine chaser has
one pounder, three pounders and
five pounders. These guns are ready
for service and will be fired. In Chi-
cago, owing to the height of the
buildings and the resulting reverbera-
tion, it was impossible to fire any-
thing larger than the one pounder
in Aurora perhaps the three pounder
can be used. A salute will be fired
to the heavens so that no person is
liable to be injured from bursting
shells.

The fleet train will be in Aurora
four or five hours and will be sta-
tioned in South Broadway or some
convenient point on the island. All
those who are considering enlisting
in the navy or are in any way inter-
ested in naval matters should be on
hand and inspect the fleet. Questions
regarding naval service will be an-
swered by men who have had experi-
ence in the navy.

H. McGarry, the local recruiting of-
ficer, hopes to arrange with the offi-
cers on the fleet so that our recruits
can ride back to Chicago with this
special fleet train.

FULL CREW BILL LEFT IN COMMITTEE

[By Associated Press Leased Wire.]
Springfield, Ill., May 23.—The house
today declined to take from its utility
committee the Mulcahy full switch-
ing crew bill which Representative
George R. Bruce of Chicago charged
being smothered in the committee.

By a vote of 62 to 51 the house re-
fused to concur in the judiciary com-
mittee report to kill Representative
Leo O'Connell's bill proposing
that 10 cents a mile be paid to leg-
islators for each week-end between
Springfield and their homes during
the legislative sessions. The bill was
placed upon the calendar.

A deluge of telegrams from repre-
sentatives of organized labor today
preceded an effort to advance to third
reading the senate bill to restrict the
use of injunctions in labor disputes.
Consideration was postponed today
in order to enable all of the amend-
ments to be printed.

Money for Farm Schools.
The senate today passed the house
bill to appropriate money for the
agriculture institutions of the state.
The chief item being \$192,280 for the
state board of agriculture, \$10,000 for
the Illinois State Horticultural asso-
ciation and \$53,100 for the Illinois
Farmers' Institute and County Farm-
ers' Institutes.

A bill by Senator Barr, proposing
that election precincts should be
determined upon a basis of the inter-
est voters only was introduced in the
senate and advanced to second read-
ing without reference. Woman's suf-
frage necessitated an amendment to
the present measure which provided
there shall be not more than 450 vot-
ers in a precinct.

Despite objections by Representa-
tive Face the woman's eight hour
labor bill was brought up for amend-
ment and advancement in the house.

THINGS GOING BADLY ON OTHER SIDE OF RHINE

[By Associated Press Leased Wire.]
Geneva, via Paris, May 23.—Things
are going badly in Germany and the
imperial regime is threatened; accord-
ing to Dr. August Aegger, recalled
Cuban minister to Berlin, who is
here on his way to France. Doctor
Aegger said:
"I bring good news. I have been 14
years in Berlin and you can easily
realize that I have been able to thor-
oughly study the character of our ene-
mies. The most serious danger to us
on the other side of the Rhine, the
imperial edifice seems solid enough
from abroad but in reality there are
cracks in it."

Doctor Aegger declared that there
was no prospect of immediate im-
provement in the food situation in
Germany. He said that the situation
of Rumania as the lack of man power
made a cultivation of the fields
impossible.

Where to Enroll in the Red Cross

The Beacon-News office.
T. W. Sanders drug store.
Merchants' National bank.
John Holzing clothing store.
John T. Downes undertaking
parlor.
Schmitt & Greenleaf.
Aurora City hospital.
Groom & Teichmann.
Y. W. C. A.
Style shop.
Elks' Club.

The 700 listed membership of the
Red Cross chapter was found this
morning to be mostly in places when
it was learned that there is but \$271 in
the treasuries of the various stations.
It was explained that pledges in ex-
cess of the actual money turned in
had been taken into consideration in
reporting enrollments. A great many
of these pledges have never been ful-
filled.

Those who have informed Red
Cross workers that they would enroll
in the local chapter are urged to do
so, pay their dollar and bring the
total membership enrollment up to
somewhere near the figure expected
of a city of the size of Aurora.

Aurora has proved itself backward
in responding to its duty to the Red
Cross. Lack of a definite organi-
zation has been a big factor in keep-
ing the enrollment down to a low
figure. This will be overcome early
next week when a meeting will be
held at the direction of chairman
Boys Strohn when plans will be made
to enter on an intensive campaign
for 5,000 members.

Meanwhile there are 11 stations in
the downtown district where you may
deposit your dollar—or more, as you
feel able—and secure the Red Cross
button. It means a good start in the
race toward the 5,000 goal.

SHE WOULD ENLIST AS NAVY OPERATOR

Mrs. Bertha Brookheart Seeks to
Be Allowed to Serve Her
Country at Sea.

Recruiting Officer Hedges Having
to Refuse Her Application—
An Expert Telegrapher.

Mrs. Bertha Brookheart, 39 years
old, sought to enlist in the navy at
the Aurora recruiting station today.
She wants to serve as a wireless op-
erator on board ship. She is a tele-
graph operator. She practiced for
some days at the Western Union Tel-
egraph company office here before
applying for a navy position.

Regret Having to Refuse Her.
The young woman's pluck and pa-
triotism will not avail her however.
The navy does not take women into
their service. This recruiting offi-
cer, J. J. McGarry, regretfully told
Mrs. Brookheart today.

So far as 38 known, she is the first
Aurora woman who has tried to enlist
to serve Uncle Sam on the water. She
came here from Birmingham, Ala.
Her husband is in the army reserve
and expects to be called to the col-
ors. He is a former quartermaster.
Mrs. Brookheart, a tall robust woman,
said she has served as a Red
Cross nurse but she prefers operat-
ing to nursing "because it is more
interesting and exciting."

COUNTRY CLUB CALLS AN IMPORTANT MEETING

A meeting of directors and mem-
bers of the Aurora Country club will
be held at the club house this evening
for the purpose of discussing the
best method of financing the club.

The matter of the deficit, which is
confronting the club, will be thor-
oughly discussed and a decision reached
as to the most practical method of meet-
ing the deficit. The most important fea-
sible method advanced is that of au-
thorizing an assessment of \$50 upon
each member. Thirty-six members of
the club have already volunteered to
make either cash donations or turn
back to the club bonds which have
already been purchased in an effort
to reduce the outstanding indebted-
ness. This

12 ZOUAVES GO INTO THE GUARD

Newest Recruits Enlist in
Lieut. Hal Carr's Machine
Gun Company.

ALL PASS DIFFICULT TEST

Twelve members of the Aurora Zouaves, a renowned drill team, enlisted in the Third regiment machine gun company last night and successfully passed the physical examination. Two other members of the company have notified Lieut. Hal Carr that they will enlist tomorrow night. The 12 Zouaves enlisted by Lieut. Carr are: Warren S. Boyle, Earl E. Swanson, Gordon A. Castler, Frank L. Smith, Warren G. Kramer, William S. Rogers, Louis A. Boyle, Sydney W. Hill, Frank L. Snyder, George E. Dahlin, Frank L. Sprague and Ray C. Holton. There are 25 members in the company and most of the 12 who have not enlisted are either married or under age.

Others who passed the examination last night and are now members of the machine gun company are: Roland M. Avery, Carl H. Clayton, Robert J. Hill, Charles J. Hanson, Arthur N. Callan and Frank T. Brown. The machine gun company is now almost up to full war strength, 74 men. Lieut. Carr is planning to transfer some of the old men back to their home companies. The machine gun company was organized on the Mexican border with men taken out of the various companies of the regiment.

Ten men who have enlisted in the supply company also passed the examination last night. They are: Harrison Conn and William McCall of Mooseheart, Edward D. Snyder, Martin Thompson, John Freshour, Leslie J. Laydon, Audus W. Shipton, Archie A. Murray of Aurora and Arthur F. Florian, Ralph W. Davis and George L. Brown of Big Rock.

The men who were accepted were given the regular army examination by Dr. A. E. Lord, the regimental surgeon. It is just as strict as the one recruits for the regular army must pass before they are accepted. Lieut. Carr, who has been acting as a recruiting officer for his company, has made a remarkable record. He has picked 25 men and every one of them has passed the exacting physical test.

He has also signed up some recruits for other companies.

FORMER HINCKLEY MAN KILLED IN COLORADO

ALBERT HARTMANN MEETS DEATH FROM LIGHTNING BOLT.

Friends and relatives of Albert Hartmann, who left a farm near Hinckley some years ago and moved to Colorado Springs, Colo., where he found the climate more agreeable to his health, were shocked to learn yesterday that he had died as the result of a stroke of lightning. Albert Hartmann was a widower and four small children, was struck by lightning during a mountain storm Saturday and died Monday. Mrs. Louis Dillenback, 18 North Lake street, his sister, received a telegram announcing the accident and left immediately for Colorado. She remains for the funeral and may stay several weeks with the sorrowing family.

EAST GRADE SCHOOL BAND TO CHICAGO

The band composed of students in the east side grade schools which played so well at the Memorial exercises this morning will play at the Hawken school in Chicago next Monday. They are directed by L. H. Conde and J. J. Neitz of the Columbia Conservatory of Music, and it is thru the efforts of Mr. Conde that the musicians will make the trip. The Hawken school is organizing a similar band and the Aurora youths will furnish a sample of the finished product. Miss Margaret Poole, instructor in music in the east side schools, will accompany them.

AURORA "BLIND PIG" CASES ARE INVESTIGATED

Some Aurora blind pigs are so fat they are squealing and the grand jury, now in session at Geneva heard stories about mysterious rappings to gain admission, and about drinks got from bottles with labels with funny names. It is expected that some of the proprietors of these "flee saving cases" will soon receive a call from Sheriff Beebe Richardson who will notify proprietors that they have been indicted.

DIAMOND FOR REAM

Edward Ream, former business agent for the Aurora Building Trades council, was presented a diamond stud last evening by the Aurora council No. 149 of the International Hod Carriers and Building Laborers' union.

George Marshall, president of the union, made the presentation speech and told Mr. Ream that the diamond was a token from the men who desired to show appreciation of the good services he had rendered to them during the five years he served as business agent.

Mr. Ream was so taken by surprise that he admitted he couldn't say many words. He told the men however, that he would always be ready to do what he could in the interests of organized labor.

FATAL FIRE IN JAPAN

(By Associated Press Telex Wire.) Tokyo, May 22.—Seventeen persons have lost their lives and 47 are suffering from various injuries as a result of the fire which swept over Yonagawa yesterday. Half of the city has been destroyed.

How To Answer Questions On Registration Cards!

Read Carefully Before You Go to the Registration Table. Here You See What Will Be Asked. Study the Questions. Prepare the Answers in Your Mind.

Questions will be asked for you to answer in the order in which they appear on this paper. These questions are set out below with detailed information to help you answer them.

Do not write on, mark, or otherwise mutilate these instructions. Do not remove them. They should be carefully read so that you will have your answers ready when you go before the Registrar.

All answers will be written on the Registration Card in ink by the Registrar, who should be careful to spell all names correctly and to write legibly.

1. Name in full. Age in years.

This means all your names spelled out in full. State your age to-day in years only. Disregard additional months or days. Be prepared to say "19," or "25," not "19 yrs. 3 mos." or the like.

2. Home address.

This means the place where you have your permanent home, not the place where you work. Be prepared to give the address in this way: "232 Main Street, Chicago, Cook County, Illinois," that is, give number and name of street first, then town, then county and state.

3. Date of birth.

Write your birthday (month, day, and year) on a piece of paper before going to the Registrar, and give the paper to him the first thing. Example: "August 5, 1894."

If you do not remember the year, start to answer as you would if someone asked you your birthday, as "August 5th." Then say "on my birthday this year I will be (or was) _____ years old." The Registrar will then fill in the year of birth. Many people do not carry in mind the year they were born. This may be obtained by the Registrar by subtracting the age in years on this year's birthday from 1917.

4. Are you (1) a natural-born citizen; (2) a naturalized citizen; (3) an alien; (4) or have you declared your intention to become a citizen (specify which)?

(1) If you were born in the United States, including Alaska and Hawaii, you are a natural-born citizen, no matter what may have been the citizenship or nationality of your parents. If you were born in Porto Rico, you are a citizen of the United States, unless you were born of alien parents. If you were born abroad, you are still a citizen of the United States if your father was a citizen of the United States at the time you were born, unless you have expatriated yourself.

(2) You are a naturalized citizen if you have completed your naturalization; that is, if you have "taken final papers." But you are not a citizen if you have only declared your intention to become a citizen (that is, if you have only "taken out first papers"); in the latter case you are only a "declarant."

You are also a naturalized citizen if, although foreign born, your father or surviving parent became fully naturalized while you were under 21 years of age, and if you came to the United States under 21.

(3) You are a declarant if, although a citizen or subject of some foreign country, you have declared on oath before a naturalization court your intention to become a citizen of the United States. Receipt from the clerk of the court of the certified copy of such declaration is often called "taking out first papers." You are not a declarant if your first paper was taken out after September 26, 1906, and is more than 7 years old.

(4) You are an alien if you do not fall within one of the three classes above mentioned.

5. Where were you born?

First name the town, then the State, then the country, as "Columbus, Ohio"; "Vienna, Austria"; "Paris, France"; "Sofia, Bulgaria."

6. If not a citizen, of what country are you a citizen or subject? This need be answered only by aliens and declarants. Remember that a "declarant" is not yet a citizen of the United States. If an alien or declarant, state the name of your country, as "France," "Japan," "China," etc.

News in Brief

Playgrounds Planned.

City Atty. Albert Kelley is at work on a playground ordinance to be presented to the city council at the next meeting. The measure will provide for the appointment of three playground commissioners who will serve two years each without pay.

Policewoman Examination.

The examination for policewomen, to be held to select a woman to fill the vacancy left by the resignation of Miss Ann Forsyth, will probably not be held before May 29, Lorin R. Hill, one of the police commissioners said today. The city council at the meeting Monday night passed an amendment to the police ordinance creating the office of policewoman. There are about 10 applicants for the position.

New Scarlet Fever Case.

A new case of scarlet fever was reported to the city health department today. The patient is Ruth Harrison, 14 years old, daughter of Capt. Charles Harrison of Company D, Third regiment. The Harrison home at 205 Garfield avenue has been quarantined. There are now 24 residences in the city under quarantine because of scarlet fever.

Dolly Pays Her Fine.

Dolly Anderson, 31 years old, colored, fined \$50 and costs on May 13 on a charge of selling liquor without a license, yesterday paid her fine and was released from jail. She told Police Magistrate Barlow when she appeared that she would serve it out in jail. It would have been necessary for her to remain in jail 106 days. She was allowed \$8 for the time she spent in jail.

Seek Dying Man's Kin.

William Blackman, 45 years old, who says that his home is in Aurora, is dying of diabetes at a Burlington railroad camp near Naperville. The local police were requested today to search for his relatives. Dr. A. R. Simpson of Naperville, says Blackman cannot live longer than 24 hours. The sick man says he was formerly employed as a cook in the Rookery restaurant, but at that place employees said they did not know him.

Injured Man Better.

Walter Turnbull, 27 years old, who fell from a horse on the William George farm, west of Aurora on the Galena road, Monday, is recovering at the St. Charles hospital. His collar bone was fractured and a piece of the splintered bone pierced his lung. He is under the care of Dr. A. R. Reder.

Catch Runaway Girl.

Miss May Harris, 18 years old, stopped at the house on the Evans farm west of Aurora last night and asked a priest

to sleep there for the night. She was given lodging for the night but the farmer noticed that she was dressed strangely. She had on a pair of heavy grey stockings and a dress of the same color. The police of Aurora were notified and this morning she was taken into custody. She was identified as a girl who escaped from the State Home for Girls at Geneva, Monday night.

Stolen Auto Found.

Thieves last night broke into the garage of Adam Weber, 474 Benton street, and stole Weber's five-passenger touring car. The machine was gotten out of the barn without waking up members of the Weber family or any of the neighbors. Evidently the automobile was pushed up Benton street by the thieves for it was found abandoned in State street, near the corner of Benton street, early this morning. The self-starter on the car had been broken. Entrance to the garage was gained by breaking off the lock on the door.

Arrest Intoxicated Woman.

Mrs. Emma Munson, 71 years old, a resident of Batavia, was arrested last night at 9:30 o'clock on a charge of being intoxicated. She was kept in the women's department of the jail over night and was released this morning. The police say that they have had considerable trouble with Mrs. Munson. She has been living in DeKalb of late, they say.

Frank Riddle Ill.

Frank Riddle III, Frank Riddle, 111 North avenue, a real estate and insurance man with offices in the Mercantile block, was taken suddenly ill with appendicitis last night and was taken to the Aurora hospital

and operated upon. At the hospital this morning it was said he was doing nicely.

Girl Breaks Arm.

Miss Emma Wilson, 19 years old, residing in Fifth street, fell down a flight of stairs at her home late yesterday afternoon and fractured her right arm. She was taken to the St. Charles hospital where the fracture was reduced. She was able to return to her home last night.

Agred Wife Deserted.

"Deserted after 40 years of married life" is the story told in a divorce bill filed in the circuit court at Sycamore by Horace B. Coy of Sandwich. He charges that his wife, Ida M. Coy, deserted him. Married July 29, 1874, and lived together until February, 1915.

Cigrand to Address Labor.

Dr. B. J. Cigrand of Batavia, president of the American Flag association will be the principal speaker at an open meeting this evening of the Aurora Building Trades council in the Dillenburg building, New York street and Broadway. His subject will be "The Voice of the Flag." Miss Madge Argo of Joliet will speak on the Labor League. The meeting is open for all.

Power Again Off.

Aurora city line cars/trains on the third rail line between Aurora and Wheaton and cars on the Aurora-Elgin lines of the A. E. & C. were "stalled" yesterday afternoon for 28 minutes on account of not having power. Trouble at the Batavia power house is said to have been the cause. The power on these lines went off just at the busy hour of the day when traffic is the heaviest. Cars were tied up from 4:52 until 5:18 o'clock.

Blackwell to Chicago Position.

T. S. Blackwell, local passenger agent for the North-Western railroad, has been promoted to a similar position in the main offices of the company in Chicago. The change takes effect on June 1. The change carries with it an increase in salary. Mr. Blackwell has served the traveling public in his present capacity at the Aurora station for four years and leaves a host of friends.

With Berthold Garage.

Edgar Warner, of Chicago, has been placed in charge of the accessory store in the A. C. Berthold garage, Downer place and Lake street. He will also act as purchasing agent for the concern. He has been in the employ of the Excelsior General Supply company in Chicago.

Moore Flag Tonight.

The Aurora lodge L. O. O. M. will have flag raising exercises this evening at 7 o'clock. The exercises will be in Island avenue in front of the Moose temple. There will be a program consisting of music by the Mooseheart Boys' band, drilling by the Mooseheart Zouaves, and addresses by Superintendent Adams of Mooseheart and Supreme Secretary William Trickett Gilles.

Blackwell to Chicago Position.

T. S. Blackwell, local passenger agent for the North-Western railroad, has been promoted to a similar position in the main offices of the company in Chicago. The change takes effect on June 1. The change carries with it an increase in salary. Mr. Blackwell has served the traveling public in his present capacity at the Aurora station for four years and leaves a host of friends.

R. M. NORTHAM DIES SUDDENLY

Aged Night Engineer at "Q" Pumping Station Drops Dead as Watch Ends.

Was Changing Clothes This Morning Preparatory to Going Home When Stricken.

While changing his work clothes and preparing to go home after his all night watch, Richard M. Northam, aged 71 years, night engineer at the pumping station of the Burlington dropped dead this morning at 6:30 o'clock.

Deceased lived with his wife at 256 Clark street. He had finished his night's work and was sitting in a rocking chair at the pumping station. Suddenly he fell from the chair to the floor. One of the employees rushed over to pick him up but he was dead. Dr. H. A. Brennecke was called but could do nothing. Heart failure is believed to have caused the death. Deceased was in apparent good health last night when he left home and did not complain of feeling ill. It was said by a relative this morning.

Civil War Veterans.

He was a brother of E. D. Northam, attorney for the Burlington and of "Lem" Northam of Joliet, formerly of Aurora. He lived in Aurora 17 years ago and then went to Circleville, Ohio, where he lived for 15 years. Two years ago he returned to Aurora and had lived here since. He was a member of the local post, G. A. R.

Besides the two brothers he is survived by a widow, Katherine L. Northam and one married daughter, Mrs. Louis Bassett of Chicago. An inquest will be held tonight at 6 o'clock. Funeral arrangements will be announced later.

Miss Vesta Grisey.

Word was received in Aurora today of the death of Miss Vesta Grisey who succumbed suddenly to heart trouble at 11 o'clock this morning at her home in Hampshire. Deceased is the daughter of Mr. and Mrs. George Grisey of Blackhawk street. The funeral arrangements will be announced later.

Burial of S. F. Girardet.

The remains of Sterling F. Girardet, 2 Gleason avenue, who died in St. Charles hospital yesterday afternoon after a lingering illness of several weeks, will be shipped to Weeping Water, Neb., tomorrow night at 6:30 for interment. Friends wishing to view the body can do so at the Healy chapel any time tomorrow until 4 o'clock.

POTATOES GO HIGHER

The wholesale price of flour today is the same as yesterday, \$16.60 a barrel. Merchants are asking the same price for standard grades of flour as yesterday, \$4.25 per 49-pound sack. Two weeks ago the wholesale barrel price of flour to the grocer was \$18, the highest price it has ever reached here.

Potatoes went up \$1.50 a barrel in Chicago yesterday but most local grocers are selling them at the old prices on account of having the spuds on hand and not having to buy at the advanced price.

One grocer said this morning that the frost of last night would cut as much of home-grown vegetables. Truck gardeners did not have the goods to offer this morning, he said.

CATHOLIC EDITOR HERE

The address by the Rev. John Noll of Huntington, Ind., to be given in the St. Nicholas church hall this evening, will begin at 8 o'clock. The subject will be, "Patriotism That Counts."

The Reverend Mr. Noll is editor of The Sunday Visitor, a Catholic publication with a circulation of 2,000,000 and practically every Catholic of Aurora receives the paper. This will be Father Noll's first visit to Aurora.

"Last night's frost was a hard one but not a disastrous frost," said W. B. Davis who in addition to the cucumber greenhouse industry, has a large and fine garden in the northwest section of the city. This is proved by the fact that in places plants were killed, and other plants of the same variety but little touched.

There is reason to believe that the majority of the tomato plants have gone to the Happy Hunting Ground, and the same is true of the most of the string bean plants which have not been touched. It comes to a little touch of frost at the J. E. Harley wholesale house, the Aurora Greenhouse company, the Aurora Nursery and at several other points around town, it was said that reports seemed to show that while strawberries and fruit trees had been touched, the frost was not serious enough to ruin the crop—partly (and this was confirmed also by Mr. Davis), because the spring has been so cold that trees and plants have become much more hardy than usual. Those whose conception of the Heavenly Father as a versatile backer of various projects, who responds only as a result of prayerful intercession, seem to have some reason for said belief in last night's weather performance, because most certainly somebody got the supernatural acceleration and brake mixed up.

"The School for Scandal." The dress rehearsal of "The School for Scandal" will be held this evening at the Fox theater, after the regular performance, which will mean that a patient cast and coach will labor until the small hours. However tickets are going so well for the performances Thursday and Friday nights.

Everybody is distinctly encouraged. This morning word was received that some of the well known people up the river are working with a will to promote the play and in addition to serving as patrons and patronesses, will attend the play with friends. They are Mr. and Mrs. R. C. Richards, Mr. and Mrs. Logan Grier, Mr. and Mrs. Harrison Grier, Mr. and Mrs. L. B. Elwell, Mrs. Julia Wheeler Mann, Miss Estlin, Dr. and Mrs. Raymond Scott, Mr. and Mrs. J. C. Long, Mr. and Mrs. A. L. Carlisle, Mr. and Mrs. A. R. Dow, Mr. and Mrs. Robert Fauntleroy, Mr. and Mrs. Edward Gorton of Geneva with Mr. and Mrs. R. B. Farson of St. Charles.

Of course everybody has noticed the particularly attractive posters about town, calling attention to the play and it is said that they were the handwork of Raymond Augustine, Elizabeth Stecker, Katherine Young, Edna Grube and Ernest Spiller.

The Red Cross Shop. The second floor of the Y. M. C. A. building was a busy place this morning, with its sewing machines whirling merrily and its equally busy workers patiently turning out the dressings. Within a short time the Red Cross will have its permanent Red Cross shop where any one and everyone who is willing to come and work, will be cordially invited to do so.

It should be distinctly understood that those who join the Red Cross chapter are not compelled to serve at the front and are not compelled to sew and knit. However, everybody who can work at the shop, is welcome. On the other hand, those who feel unable to pay the membership fee in the chapter, can do their "bit" by coming to the shop to help for a few hours.

The Navy league organization in town seems to have caused a little confusion. The Navy league and the Red Cross are not the same and many people will join both. The Navy league will have no central shop, and its dues, as everybody knows, are all sent on to central headquarters. The Red Cross will maintain a shop in Aurora and a part of the dues are kept in Aurora as a working capital for supplies. The Navy league is planning simply to meet as units in various parts of the town for knitting and making kits for the navy. In fact the little kits are also being made by some of the women working for the Red Cross. The reason a strong plea is made for a large membership for the Red Cross is that Aurora may have a fund with which

to start its work in this city. The Navy league does not make the surgical dressings at all—only supplies for the navy.

The First Regular Meeting. The first regular meeting of the Aurora chapter of the Red Cross will be held Tuesday evening at 8 o'clock, probably in the council chambers of the city hall. This will be definitely announced. The officers and directors of the chapter will serve until the first regular meeting of the chapter to be held in October.

The charter granted to the Aurora chapter authorizes a territory of operation, covering the southern part of Kane county and all of Kendall county, unless the territory should be formed in any part of the latter county.

Those who have joined another chapter, may, should they desire, be writing to the secretary of the chapter, obtain a transfer to the home chapter, or can, of course, by doubting the dues, belong to both.

The House and Garden Club. The House and Garden club has been obliged to change its meeting place several times of late. As Mrs. Charles H. Talbot, president of the Eleventh District Federation of Women's Clubs, will be unable to attend the club a week from Thursday (May 31), the meeting will be held that day with Mrs. E. M. Switzer, Reciprocity.

Where one newspaper is catering to a wide territory, there must be co-operation. Such being the case, it was decided to have a meeting before the club a week from Thursday (May 31), the meeting will be held that day with Mrs. E. M. Switzer, Reciprocity.

This bright and balmy May morning, the freshmen of Aurora college entertained the junior class at breakfast. It seemed fitting, considering the temperature that oranges upon the menu should be followed by pancakes and eggs and bacon, cocoa and waffles.

The freshmen of Aurora college entertained the junior class at breakfast. It seemed fitting, considering the temperature that oranges upon the menu should be followed by pancakes and eggs and bacon, cocoa and waffles.

have been held Thursday with Mrs. James Harris. A picnic luncheon had been planned for out of doors and will be given when the weather is more favorable.

Golden Links. Miss Sigrid Norling entertained the Golden Links of the Swedish Lutheran church at her home in Wilder street last evening. The evening was spent in sewing for the sale which the young people will give in the fall. Later there were refreshments.

New First Aid Class. Another class in first aid work is being organized at the Y. W. C. A. Thursday evenings in charge of Dr. E. L. Lee. Anyone wishing to join is asked to be present tomorrow evening.

Y. W. C. A. Field Day. The annual field day exercises of the Y. W. C. A. Saturday will be held on the Aurora college campus instead of at city park. The change has been made for the reason that a piano is necessary for a number of the events.

Celebrates Birthday. The eight-fourth birthday of W. H. Weston, the veteran employee of the gas company was celebrated last evening by members of family at the home of Mr. and Mrs. Clifton Weston, 229 Clifton street.

Dinner was served at 7 o'clock at a table decorated in pink and white with many cut flowers. Later there was a delightful musical furnished in the music room by Mrs. Kitty Cornell, Sperry, granddaughter of Mr. Weston.

Mrs. Sperry has a fine voice, Clifton Weston also well known in musical circles, gave several excellent performances. There were numerous gifts, including a purse of money from the family, Frank Meyer, Mr. Weston's daughter, reading the following:

"We can't express in word or deed just how we feel at heart. To do you justice would require the finest kind of art. And as we spin up all we would say simply saying 'You're so good.'"

Entertains for Bridge-lect. Mrs. J. LeRoy Roger (Alberta Hagner) entertained at a dinner party last evening in honor of her sister, Miss Anna Hagner, whose marriage to Charles Witt of Chicago occurs in June.

Attend May Breakfast. Mrs. John Raymont, Mrs. Ralph Walker, Mrs. Harry Ladd and Miss Margaret Proctor of Yorkville, all members of Rising Sun chapter, No. 31, Order of Eastern Stars, attended the May breakfast given by Daylight chapter at the Sherman hotel in Chicago Friday. About four hundred members from other chapters were present.

Silver Wedding Anniversary. Mr. and Mrs. John T. Johnson of Elburn were surprised last evening by 40 neighbors and friends in honor of their silver wedding anniversary. Cards and various games were enjoyed during the evening and a luncheon was served. Mr. and Mrs. Johnson were given a number of handsome pieces of silver.

A star was given Saturday evening in honor of E. A. Komes, a recent groom, by his fellow employees at the Automatic Machinery company. Mr. Komes was recently married to Miss Julia Davisker. The evening was spent with cards and music. Later a luncheon was served at which time N. E. Njersbach, in behalf of the guests, presented Mr. and Mrs. Komes a handsome gift.

To Have Open House. The Bachelors' club will have open house Monday evening for the parents and friends of the members, Seissors Guild.

A meeting of the Seissors guild was held yesterday at the home of Mrs. Edward A. Ellis in Downer place. Mrs. J. J. Collins of the state board of missions of the Congregational church spoke concerning settlement work among the Bohemians of Chicago, and the matter of sending a barrel of clothing was discussed. Misses Marion and Maud Boslough sang delightfully. The guild will have a picnic at City park June 11.

Far be it from Aurora to become too insular or to suffer from ingrowing pains—but it does seem as if the very best citizens might become addicted to wear the contents of a barrel of clothing, if not the barrel itself, inside of a year—that is, judging from the present prices of all kinds of clothing.

Announces Birth of Daughter. Mr. and Mrs. James Graham (Jennie Schaub) announce the birth of a daughter at their home in Randall avenue. The Grahams have two other children—both boys.

Birth of Son. Announcements have been received from Alexander Gray, the talented singer, who so pleased people at one of the Wernicke studio recitals, stating forth the birth of his son, who is an Alexander Gray, Fourth. The Grays live at 1117 North Dearborn.

On Women's Feelings. The editor of a woman's journal, who evidently has sent his own boy to the front, writes in a heartfelt way concerning the heroism of those who the absolutely opposed to war, are permitting their sons and husbands to go, and not only that but are helping in war work with all their hearts.

A brief extract from what he says is: "When women are asked to make sacrifice for war and are sometimes, in the mind of men, slow to do it, we must not forget that it is not to some to save life, not to destroy that we have a boy or boys to give to the service of our country. But I notice that this joyful statement generally comes from those who either have no children at all or whose boys are girls. A woman's instinct is to give and preserve life, not to destroy that there is motherhood. But it is also motherhood to sacrifice and none understands this better than does a woman. And the time of sacrifice is here. It is not asked of us to give up our boy with a song in the heart. I am perfectly sure that there are none in mine the other day. But give him we must, and should. A war cannot be fought without men. It makes no difference now whether we believe in war or not. As a matter of fact, no normal person does believe in war. When war comes to a nation, the question is, how can we most effectively wage it and how soon can we end it. That means men, healthy, strong-limbed, clear-eyed and fearless. It is not necessary that a mother should say, 'I am only sorry that I have not ten sons to give.' Generally speaking, I am sure."

Careless Use of Soap Spoils the Hair. Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary multifaceted coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get multifaceted coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

Forget Your Stomach For One Week Here's How and It's Free

Your stomach should not give you the slightest worry or pain. You ought not to feel that you have a stomach. It is the formation of excess acids that causes your stomach trouble, and this is easily and quickly removed. We want to show you how for one week—no week of solid stomach comfort—you won't know you have a stomach. During EATONIC Week, we're giving away a full week's supply of EATONIC, Free. It's there waiting for you. It's free without promise or obligation of any kind. No questions will be asked.

There has been so much said about stomach trouble—dyspepsia, indigestion, heartburn and the like—there have been so many offers to relieve these stomach ills without satisfactory results, that these days, when the relief is really at hand, when results are actually being accomplished, people refuse to believe it, and they at once come to the conclusion that it must be another of the same kind. And they are right in being skeptical.

Now comes something different, a sure way to get results. Little by little you are now offered the way to get the proof of the results without expense. The big thing of this life is generally all this simplest—your work best. They have the real merit and produce results.

In the case of stomach troubles, it is simply a matter of taking up the cross acids and the foreign poisonous substances from the digestive organs. Merely lifting them from the stomach. A compound, composed of eleven tiny particles enters the stomach, relieving it of any acidity. These particles immediately absorb the surplus acid, and in the next instant as you take it right out through the intestines and it goes down the drain.

Style and Comfort

FOR many years thousands have found foot comfort in Mayer Martha Washington Shoes.

The Martha Washington line has now been enlarged so as to give you your choice of all the newest and most up-to-date designs, combining style and beauty with the same Martha Washington quality and comfort you have learned to depend on.

A right-up-to-the minute Martha Washington model.

But be sure to look for the Mayer Trade Mark and the name Martha Washington on the sole—there are many imitations of these famous shoes.

If your dealer does not handle Martha Washington Shoes, write us.

The great Comfort Shoe that has been so widely limited—made only by F. Mayer Boot & Shoe Co.

CHILDREN TRAIL SOLDIER OF U. S.

East Grade Youngsters Fall in
Behind Recruiting Of-
ficer Polin.

ON WAY TO FOX THEATER

Bright and early this morning youngsters of the east side grade schools began their march to the Fox theater to take part in the second day of the annual memorial exercises.

Youthful Zouaves of the Marion avenue school headed the procession which was met by the soldiers of the G. A. R. in front of the theater. The five and drum corps provided music for the patterning feet. As in former years flags were distributed by the veterans to the children who placed them proudly over their shoulders and filed four abreast into the auditorium.

Fall in Behind Recruiting Officer.

Recruiting Officer Polin, on his way to his duties in the postoffice building, was greeted by the youngsters and greeted with "Here comes a soldier." One seven-year old patriot shouted "Let's join the army," and immediately a contingent fell in behind the officer.

J. M. Hilton of Post 20, welcomed the children for the G. A. R. "In behalf of Post 20," he said, "I extend to you children of the east side grade schools a most hearty and cordial welcome. I can say no more than that we feel in our hearts that you are welcome."

He was followed by H. B. Adams of the A. E. & C., who spoke to the youngsters on "Safety First."

"As I stood on Fox street this morning I saw a most inspiring sight," said Mr. Adams. "In you children I saw our future soldiers. A soldier is always on the lookout for the enemy, and you just also be on the lookout for the enemy. One of the greatest enemies to safety in this country is carelessness. When you are crossing the street, do not cross in the middle of the block, but go to a street intersection and cross there. Go straight across and do not cut diagonally across the corner."

"There is a city ordinance in Aurora which forbids this practice and I want all you children to promise me that you will obey it."

Buy Stars in Saller Act.

The Oak Park school opened the program for the grades with a Yankee Doodle drill, singing the song of that name during their drill.

The east grade band followed with two selections and were heartily applauded for their ability as musicians. A feature which attracted great attention was the "Sallors' Hornpipe," by Leonard Moss of the Indian Creek school. At the rise of the curtain the lad was perched upon the top of a 12-foot pole wrapped in bunting. He was in the typical dress of a sailor. At a pistol shot he slid down the pole just as a "tar" of the old four-masters might scamper down the mast, and went thru the evolutions of the "hornpipe" without a falter.

The flag salute was then given by all pupils, while they recited:

"I pledge allegiance to my flag and the republic for which it stands. One nation—indivisible—freedom and liberty to all."

Throness of Drill Shown.

Miss Gardner and Miss Berthold in charge of the flag drill given by the Beapure school, were confronted with eleven hour difficulties. Sickness necessitated the placing of new children in the drill as late as yesterday. The finished manner in which they drilled was ample testimonial to the thoroughness of their instructors.

The Young school which provides a program for the Parent-Teachers' club each year, recited "Barbara Fritchie." Altho the dance given by the Brady school was a "Swedish Dance" evidence of the Americanism of those taking part was shown by large flags pinned upon blouses.

The flag drill given by the Center school was featured by a divided flag. Six pieces, when brought together by 12 children in pairs formed a completed flag which was greeted with prolonged applause by the audience.

Zouaves Drill.

Boys and girls of the Marion avenue school, attired in Zouave costumes went thru the manual of arms with broomstick guns with all the precision of soldiers. In open square formation they sang "Our Own Red, White and Blue."

"Onward, valiant soldiers," a new song which is being sung daily in the east side schools has been termed the "Marching Song of America" and the words are published by request.

"America" sung by all present closed the program.

The 15-piece orchestra of East High school directed by Miss Margaret Fink furnished the music. The words of "Onward, valiant soldiers" are as follows:

"Onward, valiant soldiers, marching to the war.

With our flag, Old Glory, swing on before.

With our friends united 'gainst the ruthless foe

Forward into battle let our banners go.

Onward, valiant soldiers, marching to the war.

With our flag, Old Glory, swing on before.

Freedom's mighty army, moving to the fray.

Rank on rank advancing, glorious battle day.

Joining with our brothers far across the sea.

Fighting to establish world democracy.

"Onward" then ye soldiers, forward fighting band.

With Old Glory leading, hopes of every land.

Right will surely triumph, for in whom we trust.

Victory will give us for our cause is just."

The program:

"Battle Hymn of the Republic," all singing.

"Yankee Doodle" drill, Oak Park school.

Selection, East grade band.

"Sallors' Horn Pipe," Indian Creek school.

"Star Spangled Banner," all singing.

Flag drill, Beapure school.

"Barbara Fritchie," Young school.

"Swedish Dance," Brady school.

Flag drill, Center school.

"Dixie Land," first verse with chorus repeated, all singing.

Zouave drill, Marion avenue school.

Song, "The Oak Guard," Lower high school.

"America," all singing.

John L. Walker is in charge of the four day Memorial program for the old soldiers.

The Memorial program for the balance of the week is as follows:

Thursday, May 24, Parochial and Lutheran schools.

Friday, May 25, East and West High schools, Aurora college, Jennings seminary and correspondence schools.

JOFFRE-VIVIANI PARTY IN FRANCE

French Commission's Secret
Voyage Home Without Inci-
dent—Land at Brest Today.

Faravelli Quietly Said in Wash-
ton May 15 and Ships Dred
Out of N. Y. in Night.

[By Associated Press Local Wire.]
Paris, May 21, 2:05 p. m.—Marshall Joffre and former Premier Viviani arrived at Brest last night on their return from the United States.

They reached Brest at midnight and are due in Paris tonight.

Washington, May 21.—Vice Premier Viviani, Marshal Joffre and the French mission sailed from New York Tuesday, May 15. Unknown except to a few officials and many American newspapers which loyally kept the secret so the distinguished guests of the nation might not be unnecessarily endangered by German submarines, the party slipped away on the same steamer which brought them over and was conveyed by a French warship.

The departure of the French mission was attended by as much secrecy as the government could throw around it and the arrangements were such as to make it difficult for German spies to use any information that they gained possession of it.

Monday, May 14, the mission returned to Washington.

It was presumed they were returning to take up their conference on the conduct of the war, but they really returned to make their farewell visits to President Wilson and other American officials. Up to that time there had been no even an intimation that the visitors were to leave so soon. Late that afternoon the mission sped away again, and reached New York before midnight.

Tugs were ready and the Frenchmen were taken to the liner, waiting for them in midstream. The ship sailed out thru the harbor guards early Tuesday morning and so well had the plans been laid that it was generally supposed in New York that the liner and her convey were sailing for Hampton Roads to take on the French party at the same place where they had landed on coming to the United States.

The ships, however, were laying their course across the Atlantic.

Demanders seldom seem to be reasonable demands to the one of whom they are made.

MOTHER TELLS HOW VINOL

Made Her Delicate Boy Strong

New York City.—"My little boy was in a very weak, delicate condition as a result of gastritis and the measles and there seemed no hope of saving his life. The doctor prescribed cod liver oil, but he could not take it. I decided to try Vinol—and with the result I desired. It seemed to agree with him so that now he is a strong healthy boy."—Mrs. THOMAS FITZGERALD, 1930 Park Ave., N. Y. City.

We guarantee Vinol, which contains beef and cod liver peptones, iron, and manganese peptones and glycerophosphates, for run-down conditions. L. N. Benton, druggist; Hartford pharmacy.

KNUTH-BOURELLE

One of the prettiest of the May weddings occurred yesterday afternoon at the home of Mr. and Mrs. Frank Knuth of Jackson street when their son, Harvey, was united in marriage to Miss Mae Bourelle by the Rev. Joseph Meek, pastor of the Bethel Methodist church.

Mr. and Mrs. Earl Swanson, the latter a sister of the groom, were the attendants. At 4 o'clock the bridal party entered the parlors at Miss Melitta Krieg, a cousin of the groom, played Mendelssohn's wedding march.

The bride was lovely in a gown of white silk tulle and georgette crepe with a bridal veil fastened with valley lilies and carrying a shower bouquet of white roses and valley lilies. Mrs. Swanson wore pink georgette crepe with cream lace. Her flowers were pink sweet peas.

After congratulations a dainty luncheon was served.

Among the guests were Mrs. William Bourelle of Chicago, Miss Anna Borg of Batavia and Mr. and Mrs. Frederick W. Dieterich and sons, Alfred and Richard, of Elgin.

Mr. and Mrs. Knuth left last evening on a wedding trip and will be at the home of their friends after June 1 at 158 Jackson street.

Mrs. Knuth is a southern girl and has made her home in Aurora for the past few years. She was employed in one of the Broadway stores. Mr. Knuth is a member of the office force at the Lyon-Metallic Manufacturing company. Both young people are members of the Bethel Methodist church.

Memorial Day Plans
ARE MADE AT PLAINFIELD

Plainfield, Ill., May 21.—Memorial day will be observed in Plainfield, May 30.

As usual all old soldiers, sons of Veterans and wives, and widows of old soldiers are requested to meet at the G. A. R. hall at 1:30 o'clock, and the teachers with their pupils will fall in line at the school house with the small children at the head of the column promptly at 3 p. m.

The procession will march to the cemetery to decorate the graves. At the cemetery, Comrade Samuel Spangler and Frank Collins will take the north side and Comrade McClester and others the south side to decorate graves after which they will march back to the soldiers' monument where the exercises will be held.

The following will be the program: Prayer, by Chaplain Emanuel Brown; by the Glee club, Miss Dundore, leader.

Prayer, by chaplain of the day, the Rev. F. Knight.

Song, Glee club.

Oration, the Rev. S. W. Moehl.

Song—"Star Spangled Banner," by all.

Benediction, by chaplain.

A special invitation is extended to those who have automobiles to carry the old soldiers and widows.

Mrs. Laura Barron of Joliet was a guest of Plainfield friends yesterday. The May party which was to have been given at Electric park last evening, was postponed to Friday evening, May 25. Sweet's orchestra will play. The party is given by the

ladies of St. Mary's church.

Elmer Grundy of Joliet was a visitor among friends yesterday.

The Wheeland township graduation exercises will be held in the Lantz school, Thursday, May 24, at 7:30 o'clock in the evening. Everybody is cordially invited to attend.

Mrs. Clara Edmonds has been called to Chatsworth, Ill., by the serious illness of her brother-in-law, Joseph Dowd.

Clifford Cryer of Au Sable is spending a week with his father, John Cryer.

Mr. and Mrs. John Hoffer have returned from a short visit with Mr. and Mrs. Harry Parsons of Maywood.

Mrs. William Cameron, who has been a guest of Mrs. Joseph Salisbury, has returned to her home in Chicago.

Allen Morgan has returned to his work at Gary, Ind., after a short visit with his parents, Mr. and Mrs. Ralph Morgan.

Mrs. Frank Whitney of Aurora and Mrs. Clarence Wyth of Morris spent yesterday with their parents Mr. and Mrs. William Austin.

Alma Miller, who was operated upon for appendicitis at Silver Cross hospital, has returned to her home east of town.

THE WAR

and the

Encyclopaedia Britannica

WE have decided to undertake the preparation of a New Volume to be added to the present 29 volumes of the Encyclopaedia Britannica, 11th Edition.

The New Volume will be devoted to the war and will have the effect of bringing the information in the Encyclopaedia Britannica down to the date of the conclusion of peace.

It will contain a full and authoritative account of the historical background out of which the war sprang, with special reference to the political, social and racial conflict of interests of all the nations concerned.

It will give exhaustive treatment to the progress of the war, step by step and in all countries.

It will show the immediate results of the war not only on the military side, but on the economic side as well, and it will thus enable the reader to foresee its ultimate results in the readjustments that will follow in all nations. The war's geographical results will also be fully dealt with, and new maps, to take place of present ones, will be given wherever there are changes in present boundaries.

The new volume will be written on the same high level of authority, comprehensiveness and impartiality which has always distinguished the Encyclopaedia Britannica, and which has made its pronouncements on any controversial subject of unique value to the reader.

The editor will take especial care to give readers a judicial account of the war, and will exercise such control over the contributors that the narrative will be free from partisan feeling and national prejudice. Those who will be asked to contribute will be writers of the same standing and qualifications as those who wrote for the Britannica itself.

The magnitude of the war, in which practically all countries are directly concerned, makes it necessary that its history should be treated with the high authority that can only be attained by employing the incomparable resources of the Britannica; it also calls for the putting into concrete and authoritative form, for present-day readers and for posterity, of the facts of a chapter of history which will be of immeasurable influence on the future of civilization everywhere in the world. The War Volume will be, in fact, a complete reference work on the greatest war of history, and in its own field just as good a book as the Encyclopaedia Britannica.

The New Volume will not only give a fair, unbiased and full account of the war itself—how it started, how it was fought, the changes and innovations it brought about—but it will also deal with the results of the war outside the sphere of fighting. Particular attention will be given to those economic factors in the present war which have led to the adoption by all the belligerents of new measures to safeguard their national welfare. Articles will also be written to tell of any new discoveries or progress in industry and science.

For instance, in surgery, aviation, submarine warfare and public hygiene there have been developments of primary importance. These and any other advances in knowledge will be fully dealt with. This will virtually make the New Volume a supplement to the Encyclopaedia Britannica itself. Whether peace shall be made this year, next year, or the year after, the additional new matter will bring the contents of the Britannica abreast of the world's knowledge as it stands when peace has been made.

The date of publication will be as soon as possible after the end of the war.

THE ENCYCLOPAEDIA BRITANNICA,
per H. M. President.

P. S.—We have received hundreds of letters asking about this New Volume since a newspaper paragraph announced that it was to be published. We therefore now wish to inform all owners of the Britannica that they will in due course be notified of the date of publication.

This New Volume will be issued in bindings to match their sets, whether they bought The Cambridge University issue or the low-priced "Handy Volume" issue, and the price at which it will be sold to owners of the Britannica will be the same as they paid per volume for the set of the Britannica which they already own.

GIRLS BRING COLOR TO PARADE GROUND

Young Women from St. Louis Out in Force at Jefferson Barracks Recruit Writes.

Jefferson Barracks, Mo.
May 20, 1917.

The parade ground was resplendent today with the brilliant hues, specially imported from "Song Louie" to add a little color to the drab monotony of army life. Sunday is a day of rest, everywhere but in camp, and the girls were out in force. And "I say unto you, that Solomon, in all his glory, was not arrayed like one of these."

But for your correspondent the day lost its significance all around. This morning at 9:30 o'clock Ken and I were called upon to do our first bit as soldiers of Uncle Sam. We began where everybody else does, not on the blood-stained battlefield, but in the soup-stained kitchen.

By reason of a hunky chest and an ugly look, I was detailed as one of the three door men, whose job is to keep out everybody that has no business inside. Wherever I found the burden light. I always did thrive on telling somebody where to head in at.

New recruits are not coming quite as fast as they were, but a big crew are expected in tomorrow. Monday is always the big day for the rookies. The draft bill does not seem to be speeding up recruiting to any extent thus far.

Still the men are coming about as fast as they can be handled with any ease. Huge automobile trucks often arrive at the quartermaster's office late at night, some of them loaded with uniforms which will be issued to recruits shortly after daylight next morning.

This getting up with the sun is a new sensation for a lot of the boys here. It isn't a novelty to a farmer like me, but there are some rookies that never saw a sunrise before.

Most of them have little difficulty in negotiating the performance of the regulations, however. The secret is that midnight oil is unknown in the army. After the Y. M. C. A. movie show is out there isn't anything to do but go to bed.

We haven't received any papers yet, but as the barracks postoffice is several days in returning an open verdict. But if we don't get at least one issue of The Beacon-News tomorrow, you'll get a howl that will crack the welkin.

My love to Aurora.

LES BARBER.

Societies and Clubs

Waukegan lodge, No. 45, L. O. O. F., will have a regular meeting at 8 o'clock Wednesday evening, May 23, in Odd Fellows' temple. Work in initiation degree. All visiting Odd Fellows welcome.—M. G. Patterson, N. G.; Paul W. Healy, Sec.

Regular meeting of Sparkling camp, 196, H. N. A., Wednesday, May 23. Meeting called at 7 o'clock sharp on account of card party and dance following.—Mary Daehler, Oracle; Mary F. Britz, Rec.

Stated meeting of Aurora lodge, No. 254, A. F. and A. M., Wednesday, May 23, at 7:30 p. m. Work. All Masons are invited.—F. A. Rowley, Master; J. T. Nicol, Sec.

The Women's alliance will hold an all-day meeting Wednesday at the home of Mrs. F. Byron Smith, 176 South Fourth street.

TESTIMONIALS FOR MEDICINES

Lydia E. Pinkham Medicine Company Publishes Only Genuine Ones.

The testimonials published by the Lydia E. Pinkham Medicine Company come unsolicited. Before they are used the Company takes great care to inform itself about the writer. Never knowingly has it published an untruthful letter, never is a letter published without written consent signed by the writer.

The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health and their keen desire to help other women who are suffering as they are.

Sons of Ex-Governors in Southern War Camp

SONS OF EX-GOVERNORS. INTERNATIONAL.

Patriotism runs high in the sunny south. At the officers' training camp at Fort McPherson, Ga., are three sons of ex-governors of southern states and one son of a present governor.

Here they are in a group, left to right: Charles Brown, son of ex-Governor Brown of Georgia; Hugh Comer of Alabama; S. J. Catts, son of Governor Catts of Florida; and Dan Fowle, son of ex-Governor Fowle of North Carolina.

R. Culver, secretary. Attention, Sons of Veterans.—All Sons will meet with the Ladies' auxiliary, Thursday night, May 25. This is important as at this time we will perfect plans for Memorial day.—F. J. Stobbs, Com.

The Loyal Twelve will meet Thursday, Mrs. Seger and Mrs. Hellein being the hostesses, at the home of the former. Luncheon will be served at 1 o'clock. This is the last meeting of the season.

All of the men of the Fourth Street Methodist church are urged to meet at the church tonight at 7 o'clock to do some work before the new organ is installed. The women will serve coffee and sandwiches.

Regular meeting of Sons of Veterans auxiliary in G. A. R. hall Thursday evening at 7 o'clock. The meeting is called early on account of the card party following for the benefit of the Red Cross.

Regular meeting of Aurora lodge No. 251, L. A. to B. R. T., will be held Thursday afternoon at 2 o'clock in Dillenburg hall. Cards after meeting.

The Ladies Aid society of the Norwegian Lutheran church will meet with Mrs. Eagen in Tittsworth court Thursday afternoon.

Columbia lodge, No. 156, O. M. F., will meet Thursday evening, May 24, at 7:30 o'clock in Dillenburg hall. Sick committee will report. Cards and refreshments after the meeting.—Secretary.

A stated meeting of Rising Sun chapter, No. 51, Order Eastern Star, will be held in Masonic hall Thursday evening, May 24, at 7:30 o'clock. Visiting members are cordially invited to attend.—Sidonia Walker, W. M.; Mabel Hewson, Sec.

Lying does not go well with a bad memory.

Selecting a Watch

THE simplest of Watches consist of 185 parts—some of the more complicated contain 1000—and all must be adjusted to work in harmony.

THE average purchaser with no expert knowledge of such complicated mechanisms, is obliged to depend upon the knowledge and judgment of others.

SELECTING a watch from the stock of an old established firm is an act of faith well founded.

WATCHES of the several makes which we carry and consider best, go out under a double guarantee. They are not experiments, but are goods which we recommend after having kept in touch with hundreds of them through many years.

Come in and let us talk Watches with you

"Q" ASKS FARMERS' AID IN SAVING LAND

Plow Up Right of Way or Mow Hay Which Grows on It, Railroad Urges in Land Offer.

Station Agents Given Notice No Charge Whatever Will Be Made for Use of Land.

A request that all farmers holding land adjacent to the C. B. & Q. right-of-way on the Galesburg division cut the grass growing along the tracks for hay has been issued. Station agents were given the notice that no charge would be made for the hay but that the "Q" in keeping with its program of intensified food production and elimination of waste, desires that this grass be utilized.

Many Flowing Land. Hundreds of farmers have taken advantage of the truck-gardening project inaugurated by the railroad and the right-of-way has been plowed up at many suitable points.

MENTIONS MAYOR HARLEY IN SPEECH ON THOMPSON

The mayor of Aurora and Frank Reid, formerly of Aurora, gave an assistant corporation counsel for the city of Chicago, were mentioned casually last night in a speech by Jacob M. Loeb, president of the Chicago school board. Mr. Loeb referred to Mayor Harley and Mr. Reid as having been meeting with Mayor Thompson of Chicago when he came to talk to Mayor Thompson about Chicago school plans. The speech was based on a diary Mr. Loeb kept. He charged in his speech that Mayor Thompson is trying to make the school system of Chicago a part of his political machine.

That part of his speech in which Mayor Harley and Mr. Reid are mentioned was as follows: "Tuesday afternoon, May 16, I again went to Suite 1108. There were present the mayor, Lundin, his secretary, Francis, Dr. Robertson, Frank Reid of Aurora and the mayor of Aurora.

"For some time there was an illuminating, but for the purposes of this story an immaterial discussion of the great war. Lundin led the discussion. After the departure of Mr. Reid, the mayor of Aurora and Mr. Volz, the conversation turned to school board appointments."

TEN DOLLAR CERTIFICATE AID TO LIBERTY LOAN

(By Associated Press Leased Wire.) New York, May 22.—Participation of retail stores in the campaign for subscription to the liberty loan today spread to cigar stores, specialty shops and other small business places throughout the city.

Details of a plan to meet the demand for liberty loan bonds in denominations smaller than the \$50 minimum by the issuance of \$10 certificates convertible into the \$50 bonds, were being worked out today. The general scheme contemplated the deposit of liberty loan bonds with the Reserve bank of New York and the issuance of participation certificates. Under the plan wage earners who could not afford to buy a \$50 bond would be given an opportunity to contribute to the war loan by the purchase of \$10 certificates.

The issue of certificates would solve the problem of buying government bonds on the installment plan. It is surprising how brave the average man is when there isn't any real danger in sight.

Voice of the People

Paralytic Needs Help. Editor Beacon-News: Eric Erickson, who has been critically ill with infantile paralysis at Marquette sanitarium, is sufficiently recovered to be removed to his home, 341 Middle avenue, Aurora. Mr. Erickson is better, but is left paralyzed from the waist down and cannot help himself except with his hands and has to be lifted in and out of the bed. He is being treated with the violet ray and electrical massage in hopes of restoring life to his limbs, but his finances are dwindling away and we make this appeal to the generous hearted people of Aurora to try and help this deserving young man, either financially or by sending fruit or flowers or sending Swedish reading material or making a pleasant call to help pass the weary hours away.

Help in any form will be very much appreciated by this young man who cannot help himself.

MRS. N. TASOPOULOS.

Ball telephone 1751.

The quest of the usual girl is the golden man.

How to Master the Machinery of the Body.

(By N. B. COOK, M. D.)

The machinery of the body needs to be oiled, kept in good condition just as the automobile or bicycle. Why should the human neglect his own machinery more than that of his horse or his engine? Yet most people do neglect themselves. Their tongue has a dark brown color, skin is yellow, breath bad, yet they fail to see that their machinery needs attention. Everybody should take a mild laxative at least once a week. A pleasant way to clear the tongue and the high colored water noticed in the morning is to take a laxative which will cure the inactive liver and biliousness.

A pleasant vegetable pill is made up of May-apple, leaves of aloe, and Jalap made into a tiny pellet and coated with sugar. First put up by Dr. Pierce nearly 50 years ago. Druggists sell these vegetable pellets in vials—simply ask for Dr. Pierce's Pleasant Pellets.

If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica, if you suspect that you have kidney or bladder trouble, write Dr. Pierce, at Invalids' Hotel, Buffalo, N. Y., send a sample of urine, and describe symptoms. A physician and chemist will examine it without charge and will be under no obligation whatever. Dr. Pierce's Anuric tablets cannot fail to help you, because their action flushes the kidneys of impurities and puts strength into them. Obtain a 50-cent box of Anuric (double strength) today from your druggist in town. From personal observation in large hospital practice, Anuric will give you speedy relief. Advertisement.

MOLINE KNIGHT

More Valve Capacity than Even a Motor with Four (4) Valves per Cylinder

A prominent maker of \$4,600 4-cylinder cars announces that their new sixteen-valve motor "establishes the fact, long foreseen by (their) engineers, that the secret of superior performance lies in valve capacity adequate to piston displacement."

And they are RIGHT! But Charles Y. Knight, inventor of the Moline-Knight motor, on October 15, 1908, before the Royal Automobile Club, London, stated that "the possibilities of LARGE GAS PASSAGES and light reciprocating parts" were seemingly responsible for "progress in speed and power."

Thus, in the Knight engine, valve capacity MORE than adequate to piston displacement, was attained years ago. IN ADDITION TO (again quoting Mr. Knight) the elimination of "the annoying clatter of poppet valves" and motor-troubles caused by "weakened springs, worn tappets, warped (cylinder) heads and (piston) stems, and corroded and pitted faces."

Many motorists today object to sizes (12 valves), eight (16 valves) and twelve (24 valves) because of their numerous valves, which are no longer knocked open by cams and are slam-banged shut by springs. Carbon is a costly enemy of such spring-closed valves. It is responsible for 80% of carburetor, ignition and valve-trimming troubles. "Multiply valves and you multiply trouble," experienced autists say.

The sliding sleeve-valves (8 of them) in the Moline-Knight are benefited by carbon! Carbon only makes their surfaces hard and smooth as glass, adding them to glide noiselessly, almost frictionlessly, and without noticeable wear, on their short strokes.

With each 1,000 miles, carbon HELPS the Moline-Knight engine to increase in quietness, smoothness, pick-up, flexibility, power, speed—while its low cost to run grows even less!

2 to 30 miles per hour on high, more power than you need, 14 to 16—even 20—miles on gas, 7,000, 8,000 miles and up on tires, PLUS what are GUARANTEED to be the easiest-riding springs on the market! What MORE could you ask?

Laboratory Tests That Protect You as a Motorist

The Willys-Overland factory takes no producer's word about the quality of materials.

By thorough tests with most complete apparatus, expert chemists and metallurgists at this factory determine whether raw materials should be accepted or rejected.

All raw material must be proved right before it goes into Willys-Overland cars. It is one of the most important ways of guarding you.

For instance, carbon is essential to the strength of steel. A delicate operation is required to prove the presence of the right percentage. And this percentage differs in materials for different parts.

Finished parts must then undergo tests for durability.

A machine of incredible power twists and wrenches rear axles to see if they have the required resisting power.

With each end of a spring fastened into a pocket, powerful pressure is applied—a register tells whether it has the proper strength and resiliency.

These are only a few of the tests that serve as an insurance to owners of Willys-Overland cars. These cars are better protected than many higher priced cars.

Tests cost money. The Willys-Overland Company can afford to make the most exhaustive tests because enormous production makes it possible to divide the cost into small units for each car.

SEEK HOMES FOR FIVE LITTLE FOLK

Mrs. Lillian Holbach, county probator, has been unable to find homes for five children turned over to her by the courts. She has four boys, two years old, four years old, nine years old, and 16 years old, and one girl, 12 years old. Mrs. Holbach has an office on the third floor of the city hall. Her telephone number is Chicago 2009.

MAUER-FRIEDERS

The marriage of Miss Angelina Frieders, daughter of Mr. and Mrs. Michael H. Frieders of 174 Pierce street to John Mauer Jr. of Ohio street, took place this morning at 9 o'clock at St. Joseph's church. Rev. J. F. Schmitt performed the ceremony in the presence of 250 relatives and friends.

Miss Lena Frieders was maid of honor and Miss Margaret Frieders was the bridesmaid. Both are sisters of the bride. Peter Mauer, a brother of the groom, was best man and Michael Frieders and Henry Fleming were the flower boys.

The bride wore white champagne with georgette crepe and silver lace. Her bridal veil was caught with lilacs of the valley and she carried a shower bouquet. The maid of honor wore white georgette crepe and carried pink carnations, and the bridesmaid wore white georgette crepe and carried pink carnations.

Following the marriage service a reception was served at the bride's home and a wedding breakfast was served to 75 relatives. Among the guests from out of town were Mrs. Peter Kneib, Mr. and Mrs. Peter Phill of Chicago and Miss Margaret Frieders of Elgin. The decorations were in red, white and blue. Mr. and Mrs. Mauer will reside at 174 Pierce street after a short wedding trip. Mr. Mauer is employed at Richards-Wilcox Manufacturing company.

F. D. Kellogg, formerly of Lafayette street, this city, is ill at his home in DeKalb.

News in Brief

Fire in Second Street—An over-

heated bake oven in the rear of the home of S. Cosentino at 44 Second street, set fire to an adjoining shed at 6 o'clock last evening, doing but slight damage. The fire was extinguished when Companies No. 1 and 2 arrived.

Removal Sale—A few colored hats to sell for half price this week only. Kinney Hat Shop.

Represent the Union—The program to be given tomorrow by the pupils of St. Joseph's school in honor of the G. A. R. veterans will be a flag and scarf drill. There are 48 pupils in the drill, representing the 48 states in the union.

L. O. O. F. War Relief Fund—The Independent Order of Odd Fellows is raising a fund for the relief of the families who are in federal service and are also providing plans whereby their dues will be kept in good standing at the expense of the lodge.

Meals "Complete"—Complaint has been made to the police by the Aurora Brewing company that empty bottles and cases are being stolen from the brewery yard. A man who has been picking up empty bottles and selling them to the company is suspected. The police believe that the suspect has been rebelling bottles at the brewery and then selling them back.

Expect Strike Settlement—Core makers and iron moulders of the Iron moulders' union, will settle the dispute. Pending the settlement the men will remain at work. Because of the dispute about ninety moulders have been out of work for the past week.

Grand Jury Report Next Week—The grand jury now in session at Geneva will report next week. It was announced today. There will be no trial calendar for civil suits made up for this term of court in the circuit court at Geneva. It was announced that the jury will be set for fixing the trial calendar. The second panel of the jury for this term will try the criminal cases.

Burned Woman Recovering—Mrs. Lauretta McCann, of 63 South Lake street, who was found at her home Monday night lying on a burning bed when the fire department arrived and was badly burned about the chest, back and arms, was reported at the St. Joseph's hospital this afternoon as being improved. She will recover from the burns she received, a sister said.

Little Rock—H. Moss of Plano was calling on friends around Little Rock Friday.

Mr. and Mrs. E. Nelson called at the Jene Williams home Sunday afternoon.

Mr. and Mrs. Edward Lakin and daughter, Elgin, of Sandwich spent Sunday at the Harry Lakin home.

Paul Hatch also enjoyed dinner there. The "Farraday" club will meet at the home of Mr. and Mrs. Lester Granart Wednesday of this week.

Mrs. Paul Hatch and son, Albert, have gone to visit her parents, Mr. and Mrs. Lower, in Dwight. They plan to be gone a couple of weeks.

Howard Hatch of Aurora, grandson of J. S. Hatch, has enlisted in the navy for three years. He was attending school at the University of Michigan, a junior in the law department, but felt his services were needed by his country.

It took their silent co-operation to hold him down. It became more apparent to him that they were all pitted against him. He was being pressed against the wall.

(To be continued.)

Showing his power, he thought, "He's going to call for a new pack."

Estrada pushed the minutes thru with but a few unimportant interruptions. He was sitting at the same desk with Rickard. Hardin, sensitive and sullen, thought he saw the meeting managed between them.

All stated, ran his angry blood. "The meeting's a farce. It was all fixed in Los Angeles, or in Marshall's office." He whipped himself into rebellion. He was no baby. He knew about these matters better than these strangers, this fancy dude! He'd show them!

WANDERER SUFFERS FEARFUL INJURIES

Cornelius Lanahan, "Riding 'Blind Baggage,' Falls From Fast 'Q' Train.

Rushed to Aurora With Shoulder, Arm, Hip and Rib Fractures, and Brain Injury.

Cornelius P. Lanahan, 40 years old, of Freeport, was literally crushed to pieces under the Denver-Chicago flyer on the Burlington railroad last night at Plano but was alive at St. Charles hospital this afternoon.

Lanahan was stealing a ride with F. B. Ross sustained the following injuries:

Right shoulder broken. Left elbow broken. Right hip broken. Four ribs broken. Hand crushed.

Several scalp wounds. Remains Comatose.

Ross got off the train at Aurora and notified Depot Master James Buchanan of the accident. He is being held by the police.

Lanahan was found on the railroad right of way by a west bound freight train crew. He was put aboard the train and taken back to Plano from where he was brought to Aurora on another train.

Dr. H. A. Brennecke who is attending Lanahan said today that the patient "was in a very serious condition."

Ross got off the train at Aurora and notified Depot Master James Buchanan of the accident. He is being held by the police.

ORPHEUM—Tonight and Tomorrow—Final chapter of "The Secret Kingdom," and George Ovey in "Jerry's Big Job."

Movie Notes

ANY BUYS BOY SCOUT UNIFORM.

Ann Pennington started her modiste the other day by rushing into the establishment and demanding that she be measured at once for a Boy Scout uniform! The modiste protested that, with the tremendous demand for khaki which has been suddenly created by the war, it was impossible to obtain enough of the material for a uniform for Miss Pennington. But the tiny player very truly explained that there was not a great deal of material required to cover her diminutive self—and the measurements were forthwith taken in accordance with Miss Pennington's demands. The small quantity of khaki required for Miss Pennington's Boy Scout uniform must not mislead us into thinking that she intends to wear merely a typical "Follies" adaptation of the uniform. It will be a regulation "B" cut, which is to be as identical with the real thing that a group of bonafide Boy Scouts mistake the tiny Miss Pennington for one of their number and proceed to aid her in escaping from her detested guardian. The story, which is to be called "The Little Boy Scout" was written by Charles Sarver. It shows Miss Pennington as a young girl of great wealth who is about to be married by an unscrupulous guardian to a man whom she loathes. The basis of the story rests on the efforts of this girl to escape from the clutches of her guardian after she has fallen in love with a real man and has determined that she will not marry the man who had been selected for her against her better judgment. Miss Pennington plans her escape by means of a Boy Scout uniform which she procures as a disguise in order to elude her vigilant guardian. The Boy Scouts themselves come across the little figure, and believing that she is one of their own membership in distress, they give her every assistance.

Miss Cooper is one of the latest discoveries of William Fox.

those worn by Miss Elda Millar in "Her Excellency, the Governor," a production featuring Wilfred Lucas and Miss Millar and supervised by Allan Dwan. For this play Miss Millar has searched New York's most exclusive shops and has gathered together an unusual assortment of beautiful models for her use as a young society girl and lieutenant-governor of the state.

Two evening gowns are imported models, one a silver tissue cant with pink and made with the fashionable billowing harem skirt, the other an apple green, flesh, and silver combination of satin and lace. A Paquin model is a gown worn at an afternoon reception in the play, a royal blue and black chiffon overdressed with black, tautly lace and trimmed sumptuously with ermine fur. A spring gown of orchid, Georgette simply trimmed with organdy collar and cuffs is an attractive model, and a blue silk military cape coat is one of the season's novelties not yet to be seen in most of the shops. Among Miss Millar's afternoon gowns are a gray-lacy gown trimmed with blue fox fur and a Lanvin model of blue satin, fashioned in the youthful bouffant style.

For wear in her office, the young lieutenant governor has several charming day dresses. A sand-colored gabardine is pleated full, trim-

Little Giant
Trucks

Little Giant is a truck built to be a truck. A bearer of burdens. A merchandise mover. From bumper to tail-lamp it is a proved delivery certainty. Efficient. That means economy and speed. Serviceable. That means dependability and long life. No wagon body on a pleasure car chassis can equal its steadfastness. All the power you will ever need. And more. A truck with vim and fighting spirit. It has delivered unhesitatingly under the unsparing test of 175 hurry businesses. It rushes along. Or crawls—at your choice. And delivers in emergencies. 11,000 of them have. Some for over nine years now. Engine simple. Accessible. Truck rugged and sturdy under the strain of service. There is a Little Giant type to fit your business—Convert-a-Car, 1-Ton, 2-Ton, 3½-Ton, 5-Ton. Trucks with the habit of heavy performance. Made that way by the \$12,000,000 Chicago Pneumatic Tool Company.

Tell us to prove Little Giant profit in your business, or write for new book that describes a truck type for every user and use.
